Yr 2 Earning Potential	\$0	Yr 2 Earning Potential	\$53,695
less Public tuition	\$0/FAFSA	less KWI tuition	\$0
Net after Tuition	\$0	Net after Tuition	\$53,695
Total 2 Year Earnings	\$0	Total 2 Year Earnings	\$66,543

Start Earning \$ \$ Sooner

Comparison of a public 2 year education vs. KWI. *Earnings potential (based on OOH data) reflects the amount of money that can be earned by a KWI student for the 18 months their public student peer counterpart is still training. **Job placement is undisclosed for Public programs. Last published data was that only 60% of students finished the program and of that 45% actually entered workforce

#2 IT'S ALL ABOUT YOU!

1. Personal Gear
2. Individual Instruction
3. Exclusive Space
4. Student to Teacher

Ratio = 15:1

#4 UNIQUE

KWI training is designed by industry for industry needs, and led by welders still in the field. Testing is on par with industry, with a capstone monster super test

As a KWI graduate, you will receive job placement assistance for life and 2 weeks of brush-up or test prep annually after your first year. #nodragpolicy

#3 EXTRA, EXTRA

- Professional Financial Counseling
- Industry Standardized Drug Testing
- Resume Training

#5 POCKET
